TX-101 VPN ROUTER with SoftEther VPN Client

System Features

- 128MB RAM
- 64MB flash ROM
- **Support Soft Ether VPN**
- Portable Mini WIFI Router
- Max 300Mbps fast wifi speed
- Powered by Power Adapter.

TX-101, a lightweight (40g) **and portable Wi-Fi router with SoftEther VPN client support**. It has customized GUI for configuring WAN,LAN, Wi-Fi. It can be powered by a separate power adapter or by connecting the provided cable to a laptop or power bank charger. It can enable us to access the internet via Ethernet, Repeater, USB modem and tethering.

Technical Specification	
Product Model	TX-101
Interface	1 x WAN Ethernet port 1 x LAN Ethernet port 3 x LEDs 1 x USB 2.0 port 1 x Micro USB power port 1 x Reset button 1 x Toggle button
CPU	MTK MT7628NN @580Mhz SoC
Memory / Storage	DDR2 128MB / NOR Flash 16MB
Antennas	Internal
Protocol	IEEE 802.11b/g/n
Wi-Fi Speed	300Mbps (2.4GHz)
TX power	<20dBm
Ethernet Speed	10/100Mbps
LEDs	Power / Wi-Fi
Power Input	Micro USB, 5V/2A
Power Consumption	<2.75W
Operating Temperature	0 ~ 40°C (32 ~ 104°F)
Storage Temperature	-20~70°C (-4~158°F)
Dimension / Weight	58 x 58 x 25mm / 40g
